

SCHOOL ANNUAL REPORT (2024-2025)

Cordova School was established in 1995 with the objective of providing quality education. The term Cordova had its origin in the Arabic word 'Al-Qurtuba' which is synonymous with, 'light of learning'. The school offers courses from KG to senior secondary level. The school has been instituted with a view to develop and strengthen character and discipline in children and to create in them a healthy national outlook so that they grow into worthy citizens, loyal and submissive to their Lord and Creator. The hard work and sacrifice of many are reflected in the results achieved by the school in various spheres.
